RHANLEIGH

RHANLEIGH'S ROOT'S

Rhanleigh Wines take their name from a beautiful thoroughbred racehorse of the same name 1914 winner of the prestigious South African Durban July Handicap. Just like the beloved Rhanleigh, these front-running wines exemplify beauty, skill and finesse throughout the range.

ABOUT RHANLEIGH WINES

Situated in the Western Cape, between Robertson and Ashton lies

Rhanleigh

Rhanleigh Wines is dedicated to making wines true to the place they grow.

Our winemaking method is simple - good estate grown fruit, wines that are balanced and consistently exceptional.

The aim from the beginning has been a solid commitment to quality, we want every sip to be the best it can possibly be.

Our wish is that every glass of Rhanleigh Wine marks the start of a beautiful journey.

A deep, bright violet-red appearance. The aromas are complex and expressive with floral notes that intermingle with stewed red and black fruits, figs, dried fruit and earthy notes as well as subtle hints of spice and menthol.

The palate is persistent and dense with powerful tannins that are at the same time ripe and supple. The oak flavours are well integrated and the wine has a distinctive mineral or balsamic texture.

The finish is Rich and lingering with great acidity and flavours of ripe fruit, graphite as well as hints of smoke, tobacco and chocolate.

 16-18 months 45% new French oak

 **VIVINO** 4.5

THE PROJECT: VOLCANIC SOILS

"The Chilean volcanic terroir is nothing but dynamic. Many of our vineyards are located on mature volcanic - igneous regions, where soils are a result of the weathering processes that have occurred over millions of years. However, we also have vines growing on modern volcanic ash deposits emitted directly from volcanoes that we can see today in the magnificent Andes."

WINEMAKER'S APPROACH

"Our philosophy is to create wines that reflect their unique soils, formed by volcanic activity over millions of years and that are true expressions of their origin, displaying the purity and typicity of the specific grape without excessive oak that can mask the unique flavours.

The chance to source grapes from a range of denominations gives the portfolio more diversity but in each wine my style is consistent as I aim to really manifest the volcanic rocks and ash by ultimately producing wines that are more vibrant and intense with balanced tannins and acidity."

Pilar Diaz -Volcanes Winemaker

2018 / 12.50% ABV

FCTR18047

CHÂTEAU TOUR DE BOISSET

50%Merlot , 50%Cabernet Sauvignon

WINEMAKERS AT HEART

Wine is a unique product, a reflection of the time-honoured expertise of families, wine growers and cellar masters. It has always been our priority to respect and preserve this heritage. We firmly believe that wine estates, vineyards and Grand Crus are not simply owned. Instead, they form part of a legacy to be shared and passed on from one generation to the next. It is with this conviction that we have put together our collection of 20 properties.

Whether in the Bordeaux region, in Provence, the Loire or the Languedoc, each and every one of our Family Estates has been carefully selected for its character, originality and quality. The singular objective at the heart of our role as winemaker is to bring out the very best of the terroir, a task we undertake with passion and sincerity.

1853 OLD VINE ESTATE SELECTED PARCEL MALBEC

100% Malbac

Uco Valley, Mendoza , Argentina

This is a solid and muscular wine with purity of dark fruits and wet earth. Full body, hints of charcoal and dark tea. Depth in the texture and balanced.

24 months in barrel. 12 months in bottle

MARCELO PELLERITI SIGNATURE MALBEC

100% Malbac

Uco Valley, Mendoza , Argentina

Deep red color with purple glints. Its aroma is complex with notes of red fruit, such as plum, mingled with spices. A delicate wine on the palate, with round tannins. Elegant and persistent.

12 months in French oak barrels, 6-month bottle storage

VIVINO 4.1

OUR WINEMAKING

A world reference in the wine industry, he developed his professional career in Pomerol, France and Mendoza, Argentina, consolidating himself as a great interpreter of the terroir. Guided by his wise mentor, Michel Rolland, Marcelo made his way by producing world-renowned wines. He has led the vintages in Bordeaux for Chateau La Violette, Chateau Le Gay and Chateau Montviel, living in France between September and November each year since 2001. His experience in these two distinct terroirs has helped him gain international fame for these exceptional wines. Marcelo consistently receives high marks for his wines in France and Argentina and is the first Latin American winemaker to earn 100 Robert Parker points, with a French wine.

PHELPS CREEK Chardonnay

Columbia Gorge, Oregon, USA

A light yellow and gold hue, aromas of citrus, apple and white melon. The cool climate cultivation results in beautiful acid balance, while volcanic soils add spice and mineral elements. A well rounded, balanced wine.

11 months 10% new French oak

PHELPS CREEK Gewurztraminer

Columbia Gorge, Oregon, USA

A beautiful, balanced vintage, although the season began with a wild heat spike in June. Gorge Crest gently slopes south on the north side of the Columbia River, only 4 miles from our estate. Our team farms the site. We utilize an Alsatian inspired technique of extending skin contact with the clusters prior to pressing in order to build texture. The cool climate cultivation results in beautiful acid balance with perfumed floral notes. Sandy and volcanic soils add spice and mineral elements.

PHELPS CREEK Riesling

Columbia Gorge, Oregon, USA

Racy acidity balanced with grape sugars expresses an explosion of flavors. Honeysuckle with a hint of lemon rind creates a diverting paradox on your palate. Pairs delightfully with veal, pork, poultry, and fish. Amazing with Thai and spicy Chinese dishes, or enjoy simply as an aperitif. This wine will age and gain complexity for decades.

UPCR21001

PHELPS CREEK Pinot Gris

Columbia Gorge, Oregon, USA

High elevation fruit brings beautifully bright acidity, balanced with sweet notes of green apple and pear laced with a hint of lavender and thyme on the nose. The perfect sip for the upcoming summer season. Structured to age and develop further intensity in the bottle.

**PHELPS CREEK
LE PETIT Pinot Noir**

Columbia Gorge, Oregon, USA

Scents of strawberry and spice lace the nose. This distinctive Pinot Noir with its bright acidity and low level tannin soon becomes the favorite red wine of the summer. This extremely youthful wine pairs with nothing better than sunshine! With a light chilling it beautifully bonds alongside a piece of grilled Salmon accompanied by seasoned Spring asparagus.

PHELPS CREEK VINEYARDS

The most westerly vineyard on the Oregon side of the Columbia Gorge AVA, Phelps Creek is nestled amongst the foothills of Mt Defiance at 1200 feet elevation. Established in 1990, our small boutique winery focuses on estate grown Pinot Noir and Chardonnay varietals, annually producing 5,000 cases of wine in total. Vineyard care takes center stage in our wine production, where sustainable agricultural practices combined with careful management of the fruit yields on the vines lead to the noted luxurious intensity within our bottle.

OUR WINEMAKING

Alexandrine Roy joins us from Burgundy, France as Director of Winemaking. The fourth generation Vigneron continually amazes our team with her timeless techniques steeped in French tradition. The collaboration began serendipitous as her and our Founder, Bob Morus met at the International Pinot Noir Celebration in 2007. Both of our site's terroirs were so similar it inspired a winemaking partnership. Originally brought on to produce a special cuvée from our estate Pinot Noir, her role has expanded to contributions reflected in all of our wines.

OUR VITICULTURE

We first planted our oldest vines of Pinot Noir in 1990, adding a block of Dijon clone Chardonnay two years later. Over the years we have expanded the vineyards and now nurture 34 acres (25 Acres of Pinot Noir, 4.5 acres of Chardonnay and 1/2 acre of Pinot Gris). In addition to our estate fruit, we experiment with growing "alternative whites" just across the Columbia River on Underwood Mountain.
